BCI Burke Achieves Safety Milestone

FOND DU LAC, WI -- BCI Burke recently passed a safety landmark by logging 2000 days—over 7-1/2 years-- without an injury that caused lost production time due to a work related incident.

“This is a tremendous accomplishment and can truly be attributed to each and every employee's commitment to safety,” said Ken Krug, Quality and Engineering Director.

As a premier manufacturer of commercial play spaces for over 87 years, BCI Burke's team of professionals design, engineer and build innovative skate park, playground, park and recreation equipment. Countless exciting projects are occurring that emphasize the Burke core values of affordable quality, innovative child development, steadfast safety and customer service that is second to none.
