FOND DU LAC, WI – 03/18/09 – BCI Burke has teamed up with the National Head Start Association as a corporate partner supporting NHSA through member discounts, training, sponsorships and other programs.

"We are excited about becoming a corporate partner with NHSA because our goals are in line with theirs. We want to enhance children's lives and see them succeed in life, and our early childhood playgrounds are designed to help kids use their imaginations while developing strength, coordination and self-confidence. This emphasis fits naturally with the goals of NHSA," said Tim Ahern, chief executive officer and owner of BCI Burke.

Through the partnership, Head Start agencies that make qualifying purchases will be eligible for such incentives as free site evaluations, discounts and a safety training program from the National Program for Playground Safety.

BCI Burke, headquartered in Fond du Lac, Wisc., is a leading manufacturer of playgrounds and related products for schools, parks, day care centers and other agencies worldwide.
