

Software Analyst / Programmer (Computer Science)

Join Our Movement!

Burke is growing rapidly and we're looking for an energetic Software Analyst/Programmer and IT professional to join our team and help us take play to a higher level!

What Moves You?

We're not going to lie; this is a great opportunity. It requires hard work, a lot of energy and enthusiasm and an abundance of *Purple Passion* (*def.a love of play, bringing play to communities and specific love of Burke and those you work with*)!

- **Development of Applications**

Develop web sites and applications to connect with the ERP and enterprise system to ensure a smooth flow of data and information across the business. Focus on continuous improvement of systems to optimize the user experience and improve the efficiency of operations.

- **Business Processes & Systems**

Work closely with the information technology team and Burke's users to develop solutions for business growth and evolving requirements.

- **Teamwork**

We have an awesome team at Burke and the right individual for this role will fit well within our culture of teamwork, straightforward and open communication. Oh, and you need to have a passion for play!

What you need!

- .NET Programming languages (VB preferred), ERP experience, ASP.NET, SQL (language), MS SQL Server and associated modules, proficient with MS Office Suite (Word, Excel, Access, Outlook), tech support experience, debugging experience
- HTML, CSS, JavaScript
- Needs to be able to communicate technical information in a non-technical manner
- Resourceful - demonstrate ability to deal with new and difficult situations and find solutions to problems

Let's Get Moving!
